Generation midpoints, with second Cainan included or omitted and Moses’ death fixed at 1406 BC.

Noah’s 600 years inside the 26-generation count

The middle of Shelah’s century (2806–2706 BC) divides the interval between Noah’s midpoint and Reu’s midpoint.

3056 and 2456 BC also mark Noah’s birth and the Flood on the regular Rounded MT line.

Noah’s schematic century opens at 3106 BC. Reu’s closes at 2406 BC.
