The generational and Noah circles

Two constructions on one geometric scale · Creation 4106 BC to Moses 1406 BC

How to read the curves

Dates count years around each path. A complete turn returns to its starting point at a later or earlier date.

Full circles

2,200 years per turn

Adam to Isaac · Moses to Jared

Outer semicircles

1,100 years per arc

Adam to Shem · Moses to Peleg

Inner semicircles

1,100 years per arc

400 + 400 about 2906 BC

Noah semicircles

1,650 years per arc

300 + 300 about 2756 BC

Generational diameter 700 years · 27 schematic centuries with second Cainan included · π reckoned as 22/7

Noah diameter 1,050 years · Regular Rounded MT · 4106 to 3056 to 2456 to 1406 BC = 1,050 + 600 + 1,050
