The Rounded MT and Luke Mirror

The two Creation triangles and their squares share one date axis with the Flood, Enoch and Luke circles.

Square and semicircle 9,900 / 7,000 = 99/70 ≈ √2. The Flood arc on the same 7,000-year diameter measures 11,000 at 22/7.

Triangle perimeter 23,900. A square of side 7,000 has diagonal 9,899.495, about half a year shorter than the dated base.

Rounded MT cumulative and regular · Luke, 100-year scheme with second Cainan · Files 43, 51a §16.2 and 52a §16.1
