Jared to Cainan across the Mirror

A working placement for the triangle with two sides of 9,900 and a base of 14,000.

The same two intervals

Shift both endpoints by +7,000.

9,900

−14,000 → −4,100

−7,000 → +2,900

Second Cainan opens

9,800

−14,000 → −4,200

−7,000 → +2,800

Shelah opens

The positive dates are Mirror coordinates in the 27-name scheme.

Dashed arcs transfer the dated lengths to the slopes. The apex is 7,000.714 units above Christ at zero.
