The 5,500-year circle across the Mirror

At 22/7, the diameter from Shelah to Shelah measures one full turn of either 1,750-year circle.

The two MT measures combine

Generational and Noah measures, in years.

Circumference at 22/7

2,200 + 3,300 = 5,500

Diameter

700 + 1,050 = 1,750
